#### SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1	<b>Product identifier</b> Trade name	:	Muresko Nespri
1.2	Relevant identified uses of th	ne s	ubstance or mixture and uses advised against
	Use of the Sub- stance/Mixture	:	
	Recommended restrictions on use	:	within adequate application - none
1.3	Details of the supplier of the sa	fety	data sheet
	Company		Caparol Farben Lacke GmbH Roßdörfer Straße 50 64372 Ober-Ramstadt
	Telephone	:	+496154710
	Telefax		+4961547170222
	E-mail address Responsi- ble/issuing person	:	msds@dr-rmi.com
1.4	Emergency telephone		
	Emergency telephone 1	:	+49613284463 GBK GmbH

## **SECTION 2: Hazards identification**

#### 2.1 Classification of the substance or mixture

Classification (REGULATION (EC) No 1272/2008)

Skin sensitization, Category 1 H317: May cause an allergic skin reaction.

Long-term (chronic) aquatic hazard, Cat- egory 3	H412: Harmful to aquatic life with long lasting effects.
---	--

#### 2.2 Label elements

#### Labeling (REGULATION (EC) No 1272/2008)

Version 2.0	Revision Date: 09.12.2021	Print Date 25.02.2022	Date of last issue: 16.12.2020 Date of first issue: 16.12.2020
	rd Statements autionary Statements	H412 Harmfu P101 If medic label at hand.	use an allergic skin reaction. I to aquatic life with long lasting effects. cal advice is needed, have product container or ut of reach of children.
		P273 Avoid re	get in eyes, on skin, or on clothing. elease to the environment. rotective gloves/ eye protection.
		Response: P302 + P352 water.	IF ON SKIN: Wash with plenty of soap and

Hazardous ingredients which must be listed on the label:

1,2-benzisothiazol-3(2H)-one 2-methylisothiazol-3(2H)-one

octhilinone (ISO)

reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1)

reaction mass of 5-chloro-2-methyl-2H-isothiazol-3-one and 2-methyl-2H-isothiazol-3-one (3:1)

#### **Additional Labeling**

EUH211

Warning! Hazardous respirable droplets may be formed when sprayed. Do not breathe spray or mist.

#### 2.3 Other hazards

This substance/mixture contains no components considered to be either persistent, bioaccumulative and toxic (PBT), or very persistent and very bioaccumulative (vPvB) at levels of 0.1% or higher.

Ecological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

Toxicological information: The substance/mixture does not contain components considered to have endocrine disrupting properties according to REACH Article 57(f) or Commission Delegated regulation (EU) 2017/2100 or Commission Regulation (EU) 2018/605 at levels of 0.1% or higher.

#### **SECTION 3: Composition/information on ingredients**

3.2 Mixtures

Chemical nature

: Silicone resin paint, aqueous, with film protection

Version	Revision Date:	Print Date	Date of last issue: 16.12.2020
2.0	09.12.2021	25.02.2022	Date of first issue: 16.12.2020

#### **SECTION 4: First aid measures**

#### 4.1 Description of first-aid measures

General advice	<ul> <li>Never give anything by mouth to an unconscious person.</li> <li>If you feel unwell, seek medical advice (show the label where possible).</li> <li>Move out of dangerous area.</li> <li>First aider needs to protect himself.</li> </ul>
If inhaled	: Move to fresh air.
In case of skin contact	<ul> <li>Take off all contaminated clothing immediately.</li> <li>Do NOT use solvents or thinners.</li> <li>In case of contact, immediately flush skin with soap and plenty of water.</li> </ul>
In case of eye contact	: If eye irritation persists: Get medical advice/ attention. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
If swallowed	: Seek medical advice. Clean mouth with water and drink afterwards plenty of water. If swallowed, DO NOT induce vomiting.
4.2 Most important symptoms ar	nd effects, both acute and delayed
Risks	: May cause an allergic skin reaction.
4.3 Indication of any immediate	medical attention and special treatment needed
Treatment	: No information available.

#### **SECTION 5: Firefighting measures**

#### 5.1 Extinguishing media

Suitable extinguishing media : Use water spray, alcohol-resistant foam, dry chemical or car-

#### Muresko Nespri Version **Revision Date:** Print Date Date of last issue: 16.12.2020 25.02.2022 2.0 09.12.2021 Date of first issue: 16.12.2020 bon dioxide. Use extinguishing measures that are appropriate to local circumstances and the surrounding environment. Do not use a solid water stream as it may scatter and spread fire. Unsuitable extinguishing None known. 2 media 5.2 Special hazards arising from the substance or mixture Specific hazards during fire In case of fire hazardous decomposition products may be : produced such as: fighting Carbon monoxide, carbon dioxide and unburned hydrocarbons (smoke). 5.3 Advice for firefighters Special protective equipment : Wear self-contained breathing apparatus for firefighting if necfor fire-fighters essary. Further information Use water spray to cool unopened containers. : Standard procedure for chemical fires. The product itself does not burn.

#### **SECTION 6: Accidental release measures**

#### 6.1 Personal precautions, protective equipment and emergency procedures

Personal precautions	:	Use protective shoes or boots with rough rubber sole. Material can create slippery conditions. Do not get in eyes, on skin, or on clothing.
6.2 Environmental precautions		
Environmental precautions	:	Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities. Do not flush into surface water or sanitary sewer system.
6.3 Methods and material for cor	ntai	nment and cleaning up
Methods for cleaning up	:	Keep in suitable, closed containers for disposal.

# Soak up with inert absorbent material (e.g. sand, silica gel, acid binder, universal binder, sawdust).

#### 6.4 Reference to other sections

For further information see Section 7 of the safety data sheet. ,For personal protection see section 8.,For disposal considerations see section 13.

### **SECTION 7: Handling and storage**

7.1 Precautions for safe handling			
-		Use only with adequate ventilation. For personal protection see section 8. No special technical protective measures required.	
		In addition, the current technical information for this product and its application on www.caparol.com must be observed.	
Hygiene measures	:	Wash hands before eating, drinking, or smoking. Do not eat, drink or smoke when using this product.	
7.2 Conditions for safe storage, including any incompatibilities			
Requirements for storage areas and containers	:	Perishable if frozen. To maintain product quality, do not store in heat or direct sunlight. Store at room temperature in the original container. Containers which are opened must be care- fully resealed and kept upright to prevent leakage.	
Advice on common storage	:	Keep away from oxidizing agents and strongly acid or alkaline materials.	
Storage class (TRGS 510)	:	12, Non Combustible Liquids	
7.3 Specific end use(s)			
		This information is not available	

Specific use(s) : This information is not available.

#### **SECTION 8: Exposure controls/personal protection**

#### 8.1 Control parameters

#### Occupational Exposure Limits

	Sea sediment	100 mg/kg dry weight (d.w.)
	Intermittent use/release	0,193 mg/l

#### 8.2 Exposure controls

Personal protective equipmer	it
Eye protection	German trade association rules - BGR 192 Eye protection
	Goggles
Hand protection Material Glove thickness Protective index	Nitrile rubber 0,2 mm Class 3
Remarks	Before removing gloves clean them with soap and water. Wear suitable gloves tested to EN374.
Skin and body protection	Safety shoes Long sleeved clothing
	Choose body protection according to the amount and con- centration of the dangerous substance at the work place.
	Skin should be washed after contact.
	Remove and wash contaminated clothing before re-use. During spray application: impervious clothing
Respiratory protection	No personal respiratory protective equipment normally re- quired.
	German trade association rules - BGR 190 Breathing protec- tion
	During spray application: Do not breathe spray dust. Use A2/P2 combination filter for paint spraying.

#### 14.1 UN number or ID number

Not regulated as a dangerous good

#### 14.2 UN proper shipping name

Not regulated as a dangerous good

#### 14.3 Transport hazard class(es)

Not regulated as a dangerous good

#### 14.4 Packing group

Not regulated as a dangerous good

#### 14.5 Environmental hazards

Not regulated as a dangerous good

#### 14.6 Special precautions for user

Remarks

: Not classified as dangerous in the meaning of transport regulations.

#### 14.7 Maritime transport in bulk according to IMO instruments

Not applicable for product as supplied.

Version 2.0	Revision Date: 09.12.2021	Print Date 25.02.2022	Date of last issue: 16.12.2020 Date of first issue: 16.12.2020

#### Further information

#### Other information:

No exposure scenario communication is required for this product according to REACH Regulation No. 1907/2006 EC.

Communication of Uses is not required in accordance with REACH Article 31(1)(a) - registered substances / mixtures do not meet the criteria for classification as hazardous in accordance with Regulations 1272/2008 EC or 1999/45/EC.

Skin Sens. 1	H317	Calculation method
Aquatic Chronic 3	H412	Calculation method

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text.

#### **REACH Information**

According to our legal obligation we implement the Regulation (EC) No 1907/2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH). We will adjust and update our safety data sheets on a regular base in accordance with the information of our upstream-suppliers. As usual we will inform you about the adjustments.

Regarding to the REACH regulation we would like to point out that DAW as a downstream user will not register on behalf of our company. We will rely on information from our suppliers. As soon as new information is available our safety data sheets will be amended accordingly.
